Tenure Track or Tenured PROFESSOR, ASSOCIATE PROFESSOR and/or ASSISTANT PROFESSOR POSITIONS

As the state’s flagship school, the University of Tennessee, Knoxville is home to over 100 research institutes and is classified as a Research University with Very High Research Activity (RU/VH) by the Carnegie Foundation. Student enrollment totals more than 27,000 and research funding surpasses $203 million. Located near the Great Smoky Mountains and surrounded by numerous lakes, Knoxville offers abundant recreational attractions, cultural attractions such as opera and symphony, low cost of living, and high-quality residential neighborhoods.

College of Nursing highlights:

- Generous start-up package including relocation allowance
- Protected scholarship time for the first 2 years in a tenure track position
- Mentorship and grant writing support from college (Office of Research Services) and university (Office of Research & Engagement) levels
- Inter-professional education and research opportunities
- Member of the National Hartford Centers for Gerontological Nursing Excellence
- State of the art simulation center with smart home for testing prototypes
- Collaborations with the Pat Summitt Alzheimer’s clinic, University of Tennessee Medical Center, East Tennessee Children’s Hospital, and Vine Clinic, a nurse-managed school-based health center using telehealth communications

Qualifications for this position include:

- Earned doctorate in nursing, psychology, public health, engineering or other health related field
- Professional experience commensurate with rank
- Evidence of research, scholarship, or creative activities

Desirable Qualifications:

- Teaching experience at the collegiate level
- Experience in online education
- Eligibility for RN license in Tennessee
- Defined area of research/scholarly activity in one or more impact areas: 1) creating innovative solutions, 2) improving child and family health, 3) promoting global health, 4) advancing care of aging populations, 5) improving psychiatric and mental health.

Responsibilities:

- Develop and secure funds toward a successful program of research
- Provide service to profession, college, university, and community
- Use best practice teaching methods and mentor clinicians and/or beginning researchers.
