College of Nursing

At a Glance

Vision
Leading the way in nursing education, research, and practice to maximize health and transform health care.

Mission
The college is committed to the delivery of high quality academic programs at both the undergraduate and graduate levels; to the discovery and dissemination of knowledge through research and other scholarly activities; to the provision of nursing. Specifically, our unique mission is to facilitate the development of professional nurses who will promote society’s health and health care at the local, regional, national, and international levels.
